

**Amendments to the Specification:**

Please replace the paragraph beginning at page 10, line 8 with the following rewritten paragraph:

Referring now to Fig. 6, an arrangement 70 of terminals ~~70~~ includes a plurality of terminals of the present invention arranged in sets or rows. The arrangement 70 is illustrated with the terminals 50a and a male type blade fuse 26, however, any of the other terminals 50b to 50d and/or a female type blade fuse 26 could alternatively be used and illustrated. The arrangement 70 is illustrated as having two sets or rows 72 and 74. Each set or row 72 and 74 includes two terminals 50a. The present invention is adaptable to have any number of sets or rows of terminals 50a, wherein each set or row can have any number of the terminals 50a. The terminals 40a of the sets 72 and 74 are permanently fixed to a fuse block body 76, which is illustrated in Fig. 6 in a cutaway manner for convenience.
